

# Sponsor A Horse

HELP A HORSE TO HELP A HERO

*"Providing healing, growth and inspiration to individuals with diverse needs through equine assisted activities."*

## JOIN THE SAN DIEGO THERAPEUTIC HORSEMANSHIP FAMILY AND SPONSOR ONE OF OUR SPECIAL THERAPY HORSES.

Our Help a Horse to Help a Hero Program allows corporations, businesses, groups, and individuals the opportunity to get involved and support the foundation of our center - our horses.

San Diego Therapeutic Horsemanship needs private and corporate sponsors to help underwrite the cost of our veteran Freedom Reins program and contribute to ongoing stable expenses.

Your gift will allow us to support more of our veterans, run additional equine programs, and ensure our horses are healthy and happy.

Currently we have two horses available for full or partial sponsorship, and a number of different sponsorship opportunities you can get involved in.

Jump onto our website to learn more about the program - Don't see anything that fits with your giving plan? We are more than happy to work with you to customize a particular package to ensure we are meeting your community giving needs.

## DID YOU KNOW?

The typical yearly cost of maintaining a therapy horse is \$4,500.

Costs breakdown includes: board, feed, farrier, and veterinary costs.

## CUT THE COST - GET A TEAM TOGETHER

Get a team of people, employees, friends or family together and split the cost of sponsoring one of our horses. For a group of 10 people, it is less than \$10 per person a week to cover 100% of the costs that go into keeping a therapeutic horse at SDTH.

All the boarding, feed, farrier and veterinary costs will be covered by your generosity.

*Together, We Can  
Change lives  
One Stride at a Time*
